

Dear Families of Rising Third Graders,

In preparation for third grade and to reinforce the skills taught in second grade, we have put together a summer review packet. This packet should be completed during the summer months to help the students retain information taught in second grade. We have kept it basic with the skills we think are valuable to the students' learning and progress as they move forward in third grade.

In addition to the summer review packet, please have your child read at least one of the following books:

- Unplugged by Steve Anthony
- Rocket Says Look Up by Nathan Byron
- When Gramma Gives You a Lemon Tree by Jamie L.B. Deenihan
- Aunt Chip and the Great Triple Creek Dam Affair by Patricia Polacco
- Chloe by Peter McCarthy
- I'm Bored by Michael Black
- Tek – The Modern Caveboy by Patrick McDonnell

The summer review packet should be returned to his or her homeroom teacher by Friday, September 9th, 2022 .

Have a great summer!

In partnership,

Miss Salsbury and Miss DelVecchio

Please have your child practice the **Hail Mary, Our Father, and Glory Be prayers. They should also know how to say Grace.** Please have them review the school **creed and school mission statement** as we say them each morning. Thank you.

School Creed:

As a Saint Rita Student, I am taught to show love and respect for life. I am taught the proper use of things, order, and cleanliness. I show respect for all of God's creation in my thoughts and actions. At St. Rita School I receive a God-centered education which enables me to grow peacefully. In my school I learn to ask without demanding, to say "thank you", to control my impulses and greed, and to ask forgiveness when I have caused harm. These simple gestures of courtesy help to create a culture of shared life and respect for me and all members of my St. Rita School Family.

School Mission Statement:

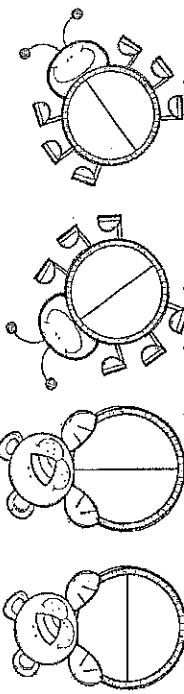

St. Rita School inspires students in pre-kindergarten through grade eight to achieve academic excellence in a safe, nurturing, and faith-filled Catholic environment. We prepare students to be morally responsible, innovative thinkers who, in today's technology-guided global community, live and share the love of Christ.

Going to the Beach

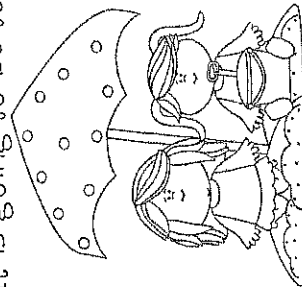

Summer vacation is here! My mom and dad told me that we will be going on a family vacation this summer. We will be going to the beach. My sister and I are so excited. It's time to start getting ready for our beach vacation.

Jen and I need to pack our suitcases. We need to pack our swimsuits, sandals, sunscreen, and hats. Let's not forget our toys so that we can build a sandcastle.

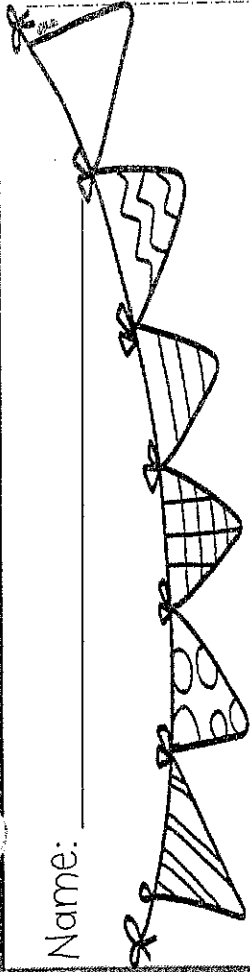

Mom and dad are in charge of getting the car packed and ready to go. They are sure to fill up the gas tank. Then they put all of our suitcases in the car's trunk.

We also need to be sure we know how to get to the beach, so mom and dad need to remember to bring directions. Dad will drive while mom tells him which way to go.

Now we are ready to go to the beach for our family vacation. It is going to be tons of fun!

The Movies

It was so hot outside yesterday, so I did not want to go to the park. Instead, I decided to go to the movie theater with my best friend, Edwin. We had a wonderful time watching a movie together.

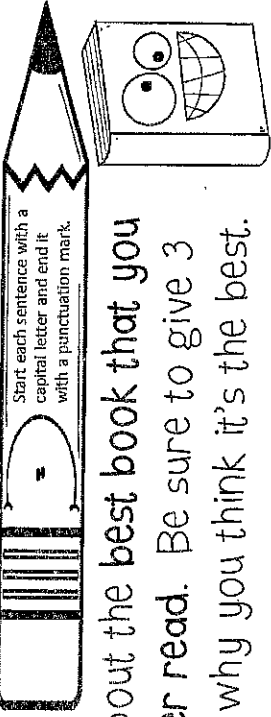

When we first arrived at the movie theater, we each bought popcorn and a drink. Then we went to go choose our seats. Edwin wanted to sit up front, but I wanted to sit in the back. We chose to sit in the middle so that it would be fair for the both of us.

As we were walking to our seats, I spotted a box of candy on the floor. I walked around the candy, but Edwin did not see it. He tripped over the box of candy that was on the floor. Oh, no!

The Play Date

Anna was so lonely one day. She invited her friend, Oscar, to her house to play games together. When Oscar arrived at her house, they couldn't agree on a game to play. Anna wanted to play with her toys in her room, but Oscar wanted to play games outside.

Anna ran to her room and began to play with her toys by herself. She then began to cry because Oscar did not want to play with her in her room. Oscar felt sad that he had made his friend cry, so he apologized. After that, he went home.

Anna was even more sad when Oscar went home because she was all by herself again. She had no one to play with. It would have been a much better idea to take turns playing inside and outside her house. Anna knows now just what to do next time she has a disagreement with her friends.

My Friend's House

This Sunday is the 4th of July. My family and I are going to a neighbor's house for a picnic. I love going to my neighbor's house. It's so much fun there!

My friend, Kellen, is my neighbor. She lives in a red brick house. It's huge. It has 5 bedrooms and 5 bathrooms. I always get lost in her house when I go visit Kellen. I love to play hide-and-seek with Kellen at her house because it's really difficult to find each other in such a big house.

Kellen's house also has a pool in the backyard. It's a huge pool, and it even has a slide in it! The pool is heated, so it's always warm and fun to play in.

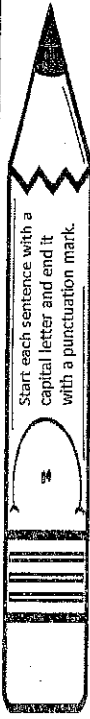

I can't wait to go celebrate the 4th of July at Kellen's house!

A Flying Insect

Butterflies are beautiful insects that can fly. They are insects, so they have 3 body parts and 6 legs. The 3 body parts are the head, the abdomen, and the thorax. The thorax is the chest and the abdomen is the tail end. Butterflies also have 2 wings to help them fly.

Did you know that butterflies can only fly if their body temperature is at least 86 degrees? That's why butterflies are more commonly seen during the warmer months of the year, like spring and summer.

Butterflies fly at different speeds. Some butterflies can only fly about 5 mph (miles per hour), while others can fly about 30 mph (miles per hour) or faster.

Butterflies also migrate to warmer areas during winter months. This helps them avoid cold weather.

I really like butterflies. Do you?

What is the main topic of the text?
