

PRE-KINDERGARTEN

Pre-K 3 & Pre-K 4 Programs

Welcome to what we hope will be "the best beginning possible"

The purpose and objective of our Pre-Kindergarten is to provide three and four year old children with a developmentally appropriate program designed to stimulate and nurture their spiritual, intellectual, social and emotional growth. This curriculum based program provides opportunities for learning in a loving and caring environment where children can explore, discover, question and succeed. The Three Year Old Program focuses on building self esteem, and fosters a positive interest in learning. Our Four Year Old Program helps students acquire the necessary learning and social skills to prepare them for a successful transition to Kindergarten.
